Dave,

Dave Davis put together a shapefile from various maps and info, but if Ken has a shapefile that is georeferenced Dave might still appreciate that.

Thanks,
Jeryl

Ken,
Do you happen to have the electronic files Dave Davis is looking for?
Or are they on the Tetra Tech web site?
Thanks,
Dave Seter

Subject: Looking for Yerington's OUs shapefile

Hi Dave, I am working on some maps for my managers for Yerington and I have come across maps showing different OU boundaries, so I would like to track down and get a copy of the official shapefile that describes their boundaries and Mine Site Project boundary for my records and map making.

Please advise me where I can locate these shapefiles.
Thank you,
